Last week we were very pleased to be joined by Rotarians Kathrin and Christoph Frankl from Austria. They have been visiting family in Australia and saw that our club meeting day and time suited them. They are both from the environs of Vienna, Christoph belonging to The Rotary Club of Wien-Donau and his wife, The RC of Wien-Hietzing.

It was good to learn a little of their respective club's histories and activities related in part to their proximity to areas still suffering the consequences of the Bosnian conflict. Rotary in Europe has been experiencing similar challenges in terms of membership and community awareness but there are encouraging positive trends particularly through engaging with Rotaract.

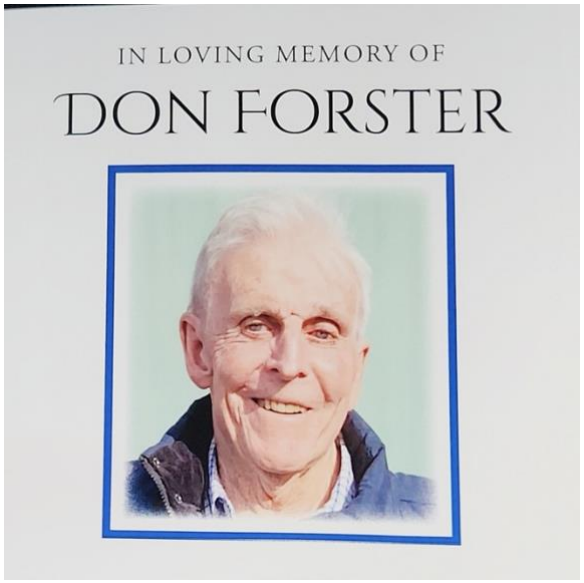

Nigel Eiffe, son of Hon. Member Des, gave a comprehensive overview of the history and current status of Electric Vehicles. He has had a TESLA for about 1 year and in his research was surprised to discover that EV's began being developed in the 1800's. It was the discovery of oil that contributed to the development of the Internal Combustion Engine (ICE) and change in direction away from EV's until more recent history. Comparisons in cost, performance, emissions, range, charging technology and infrastructure and also fire risk, between various forms of EV and ICE were presented particularly with the distances involved in Australia. Overall, the speed of development of battery technology is driving much of the change and China is the dominant contributor to both this and various EV makes and models. His message was "watch this space" in what is a rapidly developing technology.

VALE DON FORSTER PHF, Life Member.

Don Forster's life was celebrated at a Private Funeral on Monday 23 September. We were honoured to be represented by CP Ernie, PP Vic, PP Les, PP Mike Semmler, PP Des Eiffe and former Rotarian Kevin Lilly.

Don was a Charter Member 28 October 1980, and a long-time serving Treasurer. Don never wanted to be President, happy to serve as Treasurer fostering responsible spending of club funds. He was a faithful attendee of club meeting, travelling home to Warradale after. Don was a keen cricket, tennis and squash player and keen supporter of Glenelg F/C and the Crows. He encouraged his family in sport as well as his Grand Children. A man with strong family qualities and values.

HANSARD 25th Sept 2024: WALK FOR RESPECT

The Hon. R.B. MARTIN (15:11): My question is to the Attorney-General. Will the Attorney-General please inform the council about the recent Walk for Respect event held by Rotary?

The Hon. K.J. MAHER (Minister for Aboriginal Affairs, Attorney-General, Minister for Industrial Relations and Public Sector) (15:11): That is a good question, and I would be more than happy to answer the question about the recent Walk for Respect event held by Rotary. It was a great pleasure to join with many colleagues, a multiparty representation, at the event. There were a large number from this place and from the other place at the Walk for Respect, hosted by Rotary International as part of their Rotary Says No to Domestic Violence campaign.

Rotary District 9510 joined together with other Rotary districts in Australia, New Zealand and the South Pacific Islands for an Adelaide-based Walk for Respect to raise awareness of the scourge of domestic violence in our community. With 25 Rotary clubs and 24 domestic violence support groups and other organisations represented in the march, there was a significant turnout as we gathered on Saturday morning in Victoria Square to march in honour of stamping out domestic and family violence in our community and promoting healthy relationships.

I walked alongside many colleagues from this chamber and the other, including the Hon. Katrine Hildyard, the Hon. Nat Cook, the Hon. Mira El Dannawi, the Hon. Robert Simms, the Hon. Connie Bonaros, the Hon. Michelle Lensink, the Hon. Tammy Franks, the Hon. Jing Lee, Cressida O'Hanlon MP and Nadia Clancy MP as well as many others. Many peak domestic violence services were also represented, and there were many educative posters displayed about signs of domestic violence, particularly drawing awareness to coercive control, which was an education focus for Rotary this year.

There were in excess of 20 different signs, each indicating different coercive controlling behaviours, such as limiting your access to money or controlling the clothes that you wear. It was pleasing to see this important public education piece in tandem with the government having introduced legislation to criminalise coercive control. I thank Rotary for their proactive leadership around this campaign.

As a group, we walked from Victoria Square down King William Street to Elder Park, where there was a Rotary barbecue, sizzling sausages for a good cause. We heard from several speakers at the rotunda. After hearing

from the Rotary District Governor, Ms Marie-Louise Lees, I was able to say a few words. We heard from other speakers, including the Deputy CEO of Offenders Aid and Rehabilitation Services, Ms Louise Kelly; the General Manager of Embolden, Mary Leaker; and Jenni Foreman from the Zonta women's foundation.

I would like to thank Rotary past district governor Craig Dowling for initiating this event, all the organisations that do such important work protecting women who experience domestic violence and the Rotary Says No to Domestic Violence committee for organising the walk. Education is a tremendously important tool for us as a society in ending domestic and family violence, and I thank everyone who participated and raised awareness for such an important issue.
