Our thoughts are with PP Dale and Helen as they tackle some health issues.

Last week, relevant to the theme of Economic Development Month, we had the pleasure of the company of **Bill Marles** from Adelaide Central Rotary. Bill talked to us about the outstanding progress of a new hospital in southern Sierra Leone. The hospital is in Tumbu, a remote town 47km south (>1.5 hours) of Sierra Leone's major port of Freetown.

Whilst the hospital build itself is not a Rotary project, Regency Park and Adelaide Central Rotary clubs donated monies to purchase a generator and water pump. These simple items meant that workers would not have to manually haul water from a deep well to create cement bricks for the construction of the hospital.

Previously, locals in Tumbu would spend hours in the well every day, to receive buckets of cement powder, add the right amount of water, and then wait for it to be hoisted back to ground level to continue the build.

A container of medical goods from Donations in Kind (RARE) has also been shipped, thanks to the fundraising efforts of Adelaide Central and Rotary colleague Ibrahim Barrie, who is spearheading the hospital build.

End Polio Now

What is the **End Polio Now** campaign of Rotary?

Rotary has been working to eradicate polio for more than 35 years, and we've made incredible progress in the fight to rid the world of it forever. As a founding partner of the **Global Polio Eradication Initiative**, Rotary International has helped to reduced polio cases by more than 99.9 percent.

HOW MIGHT WE (Rotary Club of Regency Park) ACT THIS YEAR TO SPREAD THE STORY?

Contact Angela ASAP if you're interested in attending this Quiz night.
