LAST WEEKS MEETING

In the absence of President Jeff on Corola Cappers Vice Pres. Vic chaired an informal meeting. Briefly President Jeff by Brians phone gave a progress report on the Cappers from White Cliffs NSW. All going well with minimal issues and on every day planned destination were on time. Next week CC participants will report on highlights. With a full-on reunion planned for 9 September. We welcomed back Aminata, and Friends Rachel and Craig Robinson. All three will show their Sausage Sizzle skills on 2 August.
Briefly we discussed the previous speakers talk on Regionalisation. It had been suggested we have another speaker to address the benefits of the regionalised model.
Up and coming invites was discussed and participation subject to Board. Namely PAE Christmas Pageant on Sunday 7 December and Pancake cooking at the Kilburn Community Centre for parents and young and their 3-year-olds to start language skills early. This is planned for Saturday 27 September from 10am to 12 noon. Estimated 300 serves. We have also been invited to be on the planning committee for a WelcomeFest to be held on Saturday 13 September 11AM to 2PM also at the Kilburn Community Centre. Late notice of first meeting Tuesday last received too late. Minutes requested.

Prospect
Local Environment Group Inc
Energy | Recycling | Food | Transport

The PLEG management committee is pleased to invite you to join us for an engaging and informative community forum on Saturday, 2 August, where we will explore practical ways to reduce your energy bills.

Date: Saturday, 2 August 2025 (This unfortunately this is the same day of our next Bunnings – maybe we can try to be represented.)

Time: 10.30 am to 11.20 am (arrive by 10.25 am)
Location: Nailsworth Community Hall, Meeting Room 2
Address: 31 D'Erlanger Avenue, Collinswood SA 5081.

We're delighted to welcome guest expert speakers Ekkehard Groskreutz and Monica Oliphant from the South Australian Renewable Energy Policy Group (SAREPG). SAREPG members are current or former scientists, engineers and policy individuals (who have worked in industry, academia and government). They are interested in climate change and, as a group, actively promote renewable energy, energy efficiency, and advocate for socially equitable outcomes.

Monica and Ekkehard will share insights from their recent work with local councils, helping residents manage energy costs through sustainable and community-focused solutions.

The session includes a 15-minute presentation, followed by a Q&A discussion:

* Learn from others
* Find out what other councils in SA are doing to help residents reduce their energy consumption
* And explore what we can do together locally.

Please register for the event by either clicking the link below or by copying the link into your web browser

. We are looking forward to seeing you in person on Saturday, 2 August.

Warm regards,

Grace

District 9510 Web Page – Google Rotary District 9510 – you will be surprised how much information you will find.

AUGUST THEME*: Membership and Club Development:*

Speaker booked for 5th August is former Sponsored Rotary Exchange Student Michael Hart he went to the US in1988. It was about the same time that the Michael Dundee Movie was released. Subsequently Michael got the nick name Michael "Dundee" Hart.

His subject will be "How Rotary Impacted a 16-Year-Old". A good night for former Rotarians and invited guests – Who will you invite?

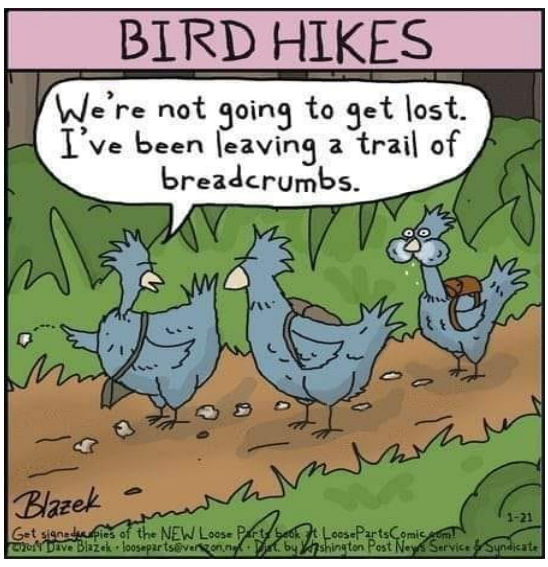

Premiers Community Services Awards: Service Clubs Association of SA has launched and calling for nominations for the 2025 awards that will be presented in February 2026. Time to consider if we will make an entry under the categories. The **project categories** are:

Community Activity
Community Education
Community Event
Environmental Award
Health Award
Social Inclusion Award
Sustainable Management Award
Team Award
Youth Award

We are encouraged to consider nominating an adult who has shown outstanding volunteering in a community for the **Heide Taylor Award**, or a young person who actively volunteers in the community for the **Allan Sloane award**. Also, nominations about schools who promote community spirit within the community for the **Harry Tillyer School award. Applications open from 1 August and there are two months to submit entries by the new 'E' version nomination form soon to be found on the Service Clubs Association of SA website.**

Friday Walk for Good Health and a Chat –

Les and John were lone walkers last Friday with IPP Vic joining for coffee – Wet and Cold – Back to normal Friday. 7.40AM at the Caledonian Hotel North Adelaide.

Philip Motteram – Sponsored Rotary Exchange Student 1988 (Counsellor Les Dennis)

On Wednesday as a Guest of PP David Egan Regency Park and Adelaide Clubs and PDG D9500 Les attended the RC of Adelaide to hear Philip speak whilst visiting Adelaide from Melbourne. It was a special occasion for the Motteram's as it was a celebration of 100 years of membership of RC of Adelaide.

Les has a one-page potted history of the Motteram's to hand around the club this Tuesday.

An interesting aspect of the early Motteram's of the club, the classification was biscuit manufacturing. Motteram & Sons Ltd. Biscuits Manufacturing – Motteram Williamson Biscuits. Claim to Fame was the introduction of Monte Carlo now made by Arnott's.

Philip Motteram: Born and educated in Adelaide, Philip was grateful to be given a Rotary exchange scholarship to Japan through the Rotary Club of Regency Park in 1988. He subsequently completed his Bachelor of Electrical Engineering at the University of Adelaide, before commencing his now 30-year-old engineering career with engineering consultancy Aurecon, of which more than 20 of those years have been spent working in the data centre market. Philip started his data centre career in Sydney in the late 1990s and more recently spent 7 years in Singapore responsible for Aurecon's Data Centre business across Asia. In that time, he was instrumental in successfully delivering large-scale data centre projects across Southeast Asia for some of the biggest players in the Co-location and Cloud data centre industry.

In late 2020 Philip relocated to Melbourne where he is currently Industry Leader Built Environment responsible for Aurecon's Built Environment strategy and client engagement, while also maintaining an active role in the APAC wide data centre business. It was a special meeting to recognize the family's contribution to Rotary through their association as Rotarians of the Rotary Club of Adelaide and connection through Philip to Regency Park Rotary.
